### Description

**BOOK 1, ARRIVAL** – Luke Hunter soon realizes that Phoenix is no ordinary town: no cars, no phone or Internet connection, and a private security firm on patrol. This is weird enough, but then he and his new friends learn that someone is plotting to wipe out the rest of the human race. The clock is ticking. Only 100 days until the end of the world.

**BOOK 2, CONTACT** – For the first six months, Peter's life in Phoenix was pretty normal. But now Peter, Luke and Jordan need to get a warning to the outside world – while it's still there. Just how far is Shackleton willing to go to make sure the town's secrets stay hidden? Only 88 days until the end of the world.

**BOOK 3, MUTATION** – Jordan's world is falling apart. She's a prisoner in her own skin, trapped by an enemy who can paralyze her at the touch of a button. And why is she starting to see things before they happen? What's wrong with her mother's pregnancy? And why do Peter's old friends suddenly want to talk to him again? Time is running out. Only 70 days left until the end of the world.
