## BUSY TRUCKS ON THE GO

*Town to town and here and there,  
busy trucks are everywhere.*

A father and son take us on a journey from farms to cities, where vehicles from buses to fire trucks are working every day, through the seasons, from morning until a final good night.

Kent Culotta's bright and lively illustrations are the perfect complement to singer/songwriter, poet and renowned performer Eric Ode's delightfully engaging rhyming text bound to become a read-aloud favorite at storytime and bedtime!
